## **Press release of June 27, 2019**

Due again to a leak in the media, the content of the HAS opinion regarding the upholding of the reimbursement of homeopathic medicines has been made public, even before being communicated to the Laboratoires BOIRON. At the time we are sending this press release, we have still not received notice of this opinion.

This is the reason why a suspension of the trading of the shares has been requested to the AMF today.

Furthermore, this is a new violation of the rules of the evaluation procedure that seriously harms the company, its employees and its shareholders
